Training Centre Approval Details

1. About NSDC Training Centre

An NSDC Training Centre (TC) is a **government-approved skill training institute** operating under the **Skill India Mission**. These centres are authorized to conduct skill development training programs, register candidates on the Skill India portal, conduct assessments, and facilitate the issuance of **government-recognized certificates**.

MYWN India is an **active and authorized Training Partner (TP)** of NSDC. All training centres will be **created, registered, and operated under MYWN India's official Training Partner ID (TP ID)**.

2. Infrastructure & Space Requirements

Minimum Room Size

- Each room must have a **minimum area of 250 square feet**.

For Approval of One Course

A minimum of **three (3) rooms** is mandatory:

- ✓ **One Theory Classroom**

- ✓ One **Practical / Skill Lab**
- ✓ One **Common Room / Office**

For Approval of Two Courses

- A minimum of **five (5) rooms** is required to ensure proper segregation of theory classes, practical labs, and administrative activities.
-

3. Lab Setup & Equipment Requirements

NSDC provides a **standardized equipment list** for each approved job role (such as **General Duty Assistant, Medical Lab Technician**, etc.).

- The training centre must **procure and install all equipment strictly as per the approved job role list**.
 - A **fully functional practical lab** must be established in accordance with NSDC and Sector Skill Council norms.
 - Equipment **quality, safety, and usability** will be verified during the physical inspection process.
-

4. Trainer & Staff Requirements

- Qualified trainers must be appointed as per **NSDC and Sector Skill Council (SSC) guidelines**.
 - **Trainer qualification certificates and relevant experience documents** are mandatory.
 - Support staff for **administration, student coordination, and lab assistance** is strongly recommended.
-

5. Government & NSDC Fees

All applicable **government and NSDC accreditation fees** must be paid through the official online portal.

These may include:

- Centre registration fees
 - Job role approval fees
 - Inspection and verification fees
-

6. Application & Approval Process (Step-by-Step)

Step 1 – Training Partner Confirmation

MYWN India is a **recognized and active Training Partner of NSDC**.
The Training Centre will be registered under **MYWN India's official TP ID**.

Step 2 – Centre Documentation Submission

The following documents must be uploaded online:

- Centre address proof
- Room size and layout details
- Centre and lab photographs
- Equipment list
- Trainer details
- Electricity and water availability proof
- Fire safety and compliance documents

Step 3 – Fees Payment

All required **NSDC and government fees** must be paid through the official online portal.

Step 4 – Physical Inspection

A **government-appointed NSDC inspection officer** will visit the training centre to verify:

- Infrastructure and room size
- Cleanliness and safety standards
- Lab setup and equipment availability
- Trainer qualifications and documents

Step 5 – Final Approval

Upon successful inspection and verification, the centre receives **official NSDC approval** and becomes an **active Skill India Training Centre**.

7. After Approval

Once approved, the training centre can begin student enrollment and training for courses such as:

- ✓ General Duty Assistant (GDA)
- ✓ Medical Lab Technician
- ✓ Other approved paramedical and skill development courses

Students can be registered on the **Skill India portal**, and assessments and certifications will be conducted **as per NSDC guidelines**.

8. Important Guidelines

- All NSDC norms and standards must be strictly followed.
 - Equipment must exactly match the **approved job role specifications**.
 - Infrastructure, hygiene, and safety compliance are **mandatory at all times**.
 - **Regular monitoring, inspections, and audits** may be conducted by NSDC or authorized agencies.
-
